

# Solutions for Dyslexia, Learning Disabilities, ADHD and Overall Learning Problems

Bonnie Terry Learning offers programs, tools and games that make learning easier for everyone, even if you have a learning difficulty. Through over 30 years of research and working firsthand with thousands of students, she has developed proven step-by-step methods that actually change the brain and make learning easier.

*"We love your program at Weaverville Elementary School. We have 5 years of data showing gains our students have made. Your program is an integral part of our reading program."*

*Debi Wilson, M. A., California*

*"The improvement was rapid and dramatic! For these results, I would happily pay double."*

*Kimberly from RaisingOlives.com*

*"My son hated reading, and now he reads on his own all the time!"*

*Jan Fischer, California*

## Bonnie Terry

M. Ed., BCET

Board Certified Educational Therapist  
and Learning Disabilities Specialist

- ♦ Dyslexia, ADHD and learning disabilities specialist for over 30 years
- ♦ Speaker at local, regional, and international conferences, forums, community groups, parent groups, and universities

# Is your child struggling in school?

Does your child...

- ♦ Struggle with reading?
- ♦ Avoid written work whenever possible?
- ♦ Struggle every week with their spelling lists?
- ♦ Generally dislike school?
- ♦ Fall behind in academics?

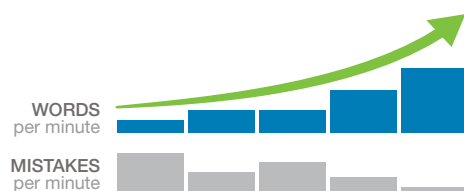

We have step-by-step tools to make learning easier and to address the underlying root cause of these problems.

**BT**  
Bonnie Terry  
LEARNING

## Struggling with Reading?

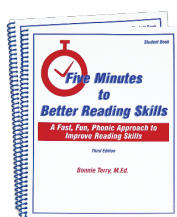

- ♦ Is your child reading at grade level?
- ♦ Is your child reading with ease?
- ♦ Are you losing sleep with worry about your child's reading?

It doesn't have to be this way. You can improve reading in just 5 minutes a day. By using **5 Minutes to Better Reading Skills**, you will see the number of words read per minute go up and mistakes per minute go down.

*"I can't get over the difference. Bridget won't put a book down. Now we have to go into her room when we go to bed to be sure her light is off...she reads for hours at night. I can't believe she read Harry Potter in just a few days!"*

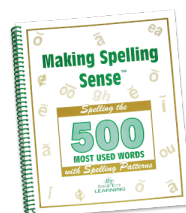

-Nancy H.

Perfect for anyone with short attention spans. Students who use **5 Minutes to Better Reading Skills** can improve their reading fluency rates by 25-50%.

## Struggling with Spelling?

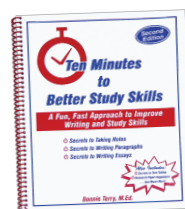

- ♦ Is your child struggling every week with their spelling lists?
- ♦ Does your child apply the spelling they have learned?
- ♦ Do you wonder if there is an easy way to spell accurately?

Did you know we only put letters together 8 ways to make words? Learn these 8 spelling patterns with **Making Spelling Sense**, a multisensory approach to spelling that improves reading too.

## Struggling with Writing?

- ♦ Learn our **5 Easy Steps to Studying**
- ♦ Learn our **5 Secret Steps to Paragraph and Essay Writing**
- ♦ Write quality rough drafts in 10 minutes

Change your child's attitude about writing and studying by using graphic organizers from our **Ten Minutes to Better Study Skills**.

## Struggling with English or Comprehension Skills?

- ♦ Overwhelmed with English grammar?
- ♦ Does your child write only short paragraphs?
- ♦ Does your child need help understanding what they read?

Bonnie Terry specifically designed **The Sentence Zone** and **The Comprehension Zone: Rocket Rap** games to improve English grammar and comprehension skills!

## Struggling with Math?

- ♦ Does your child avoid math homework?
- ♦ Is your child accurate with addition, subtraction, multiplication, and division?
- ♦ Are word problems difficult?

We have games and guides that help, as well as our **Awaken the Scholar Within Math Program** with guided lessons!

## Awaken the Scholar Within

Dyslexia, ADHD, Learning Disabilities, and Autism Programs

These programs have been developed through over 30 years of research and practice. They are designed to improve your visual, auditory, and kinesthetic processing, making your brain work more efficiently.
